Facial Data Processing Notice

DRAFT (version 000): not the approved legal text; kvkk_en_001.pdf will replace it.

This draft explains how your selfie is used to find your photographs. Final legal text will replace it before launch.

Purpose

Your selfie is processed only to identify photographs in which you may appear within events you have joined.

Scope and retention

Your facial representation is not shown to organizers or other guests. Retention periods will be stated in the final legal notice.

Your choices

Deleting your account deletes your selfie and facial data.
